And that's why we do not Remember the first night snatched when he was a stranger, and why this rapture returns only when he is dead. - Andrew Sean Greer, the history of a marriage - New York is a city of eight million people, about seven million of which will be furious when they hear that you were in the city and did not find them for expensive dinner, Five Million Furious that you did not visit your new baby, three million Furious. T see the new show, a million of furious you did not call sex, but only five are really available to know you. The only person who can relieve us is, of course, the only person we can not go: the one we love. And that's why we always remember the first night snatched when he was a stranger, and why this rapture returns only when he is dead. Do you have it? "Andrew Sean Greer, less he met all forty or more, but they never saw them very much; they died of AIDS, this generation. He is having an ally in life. Ā ē ā ē "You Little Poems about this, hear stories about it, you hear Sicilians talk about being struck by lightning. Here, in this tub, he must be twenty-five or thirty, a beautiful beautiful Naked man in a bathtub. It is not in us, it is not in human beings, to be tied to a person forever. Ā, ā ē "Andrew Sean Greer, less Ā ē ā ē "A lover exists only in fragments, a daily or more if the novel is new, a thousand if we are married - ā ē ā ē with him, and Out of these fragments our heart constructed a whole person. Something I never felt. The less generation often feels like the first to explore the lands of fifty. It's not fire, it's not a radius. But what if she was right, Arthur? And then you have to leave. There are some men who discover, after Arthur less, that they will never be again. - Andrew Sean Greer, less ā ē "Strange to be almost fifty, not? Their sheer impossibility has made you imagine them many times in your head, and when you find yourself on that path of longing, it seems unreal, but still, familiar. As he has nothing to lose. It's what she always had with me. Is the sun a failure because it will end in a billion years? It is completely reasonable to call none of them. It's "Andrew Sean Greer, less is "Love is a little madness. Some things are so impossible, so fantastic that when they happen, you are not surprised. And as with madness, it is insensitive alone. Like someone who has just learned a foreign language and can use only the current tense and only the second person. How terrible if anyone came naked today: pink to the middle, gray to the scalp, like those old double erasers for pencils and ink. Tonight is a glitch because I'll be done in an hour?
